

Test Formulation

Permethrin EC 100

Document Number: ECK-T08

Component	Function	% w/w
Permethrin	Active	10.0
Agnique® CSO-20	Non-ionic emulsifier	6.6
Disponil® SUS IC 875	Wetting agent	1.7
Agnique® ME 18 RD-F	Solvent	78.0
Agnique® ABS 70C	Anionic emulsifier	3.2
Water demin.	Stabilizer	0.5

Note:

Concentrations are given in weight by weight. Please adjust for weight by volume taking the density into account.

Although storage stability was evaluated under standard laboratory conditions, the formulation must be further assessed to achieve various registration requirements. Moreover, biological performance was not investigated.

Agnique® / Disponil® – BASF's tradenames

Non-warranty:

The information in this publication is believed to be accurate and is given in good faith, but no representation or warranty as to its completeness or accuracy is made.

Suggestions for uses or applications are only opinions. The formulation is designed to demonstrate the application of selected co-formulants. Users are responsible for determining the suitability of these products for their own particular purpose.

No representation or warranty, expressed or implied, is made with respect to information or products including, without limitation, warranties of merchantability, fitness for a particular purpose, non-infringement of any third party patent or other intellectual property rights including, without limit, copyright, trademark and designs.

We create chemistry

Safety

We know of no ill effects that could have resulted from using our products for the purpose for which they are intended and from processing them in accordance with current practice. According to the experience we have gained up to now and other information at our disposal, our products do not exert any harmful effects on health, provided that they are used properly, due attention is given to the precautions necessary for handling Chemicals, and the information and advice given in our safety data sheet are observed. Use biocides safely. Always read the label and product information before use.

Labeling

Details about the classification and labeling of our products and further advice on safe handling are contained in the current safety data sheets.

Note

This document, or any answers or information provided herein by BASF, does not constitute a legally binding obligation of BASF. While the descriptions, designs, data and information contained herein are presented in good faith and believed to be accurate, it is provided for your guidance only. Because many factors may affect processing or application/use, we recommend that you make tests to determine the suitability of a product for your particular purpose prior to use. It does not relieve our customers from the obligation to perform a full inspection of the products upon delivery or any other obligation. NO WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE MADE REGARDING PRODUCTS DESCRIBED OR DESIGNS, DATA OR INFORMATION SET FORTH, OR THAT THE PRODUCTS, DESIGNS, DATA OR INFORMATION MAY BE USED WITHOUT INFRINGING THE INTELLECTUAL PROPERTY RIGHTS OF OTHERS. IN NO CASE SHALL THE DESCRIPTIONS, INFORMATION, DATA OR DESIGNS PROVIDED BE CONSIDERED A PART OF OUR TERMS AND CONDITIONS OF SALE.
